BRI MATTOX CLIENT MOVING PREP KIT

Your first-home move should feel **clear**, not chaotic.

Bri Mattox helps Colorado Springs and Woodland Park buyers understand the home buying process. This guide carries that same energy into the move: simple milestones, smart packing, and a preferred iHaul iMove offer for Bri's clients.

6 WEEKS OUT

Start with the timeline, not the boxes.

Buyer checklist

- Confirm target closing and possession timing.
- Ask about HOA, elevator, dock, or parking rules.
- Start a simple room-by-room inventory.
- Book the moving estimate early, especially in summer.

Seller checklist

- Separate donate, sell, keep, and trash piles.
- Plan garage, basement, shed, and storage areas first.
- Schedule packing help before listing cleanup gets tight.
- Keep walkthrough needs in mind until the last load.

Pro tip: a clear moving estimate needs details. Stairs, long carries, heavy pieces, storage stops, and closing-day timing all matter.

Pack for the first night, then pack for the truck.

First-night bin

- Medications, chargers, toiletries, paper towels.
- Basic tools, trash bags, pet supplies.
- One outfit per person and bedding essentials.
- Snacks, water, coffee, and kids' comfort items.

Labeling system

- Room name on the top and two sides.
- Fragile labels only when truly fragile.
- Mark "open first" boxes clearly.
- Keep important documents with you, not on the truck.

iHaul iMove crews protect furniture, floors, and doorways, but the best moves still start with clean labels and a realistic packing plan.

Make the home easy to protect.

- Clear the driveway or loading area before the crew arrives.
- Keep pets secure and away from open doors.
- Point out fragile items, antiques, glass, and sentimental pieces.
- Walk the crew through the old home before loading starts.
- At the new home, label rooms so boxes land where they belong.
- Protect the closing folder, keys, garage openers, and IDs.
